

1. Go to BlueLetterBible.org
2. Select a version (KJV or NASB)
3. Type in the verses. For this example, type in 1 Peter 5:1-3
4. Select the box next to “Show Strong’s”

Without Strong’s...

With Strong’s...

5. Notice that there are different numbers given in vs.1 for the same English word, “elder.” Click on the number to the right of “elders” (number 4245).
6. Here you can read about what the word means, the different ways it is translated in the KJV as well as see its other occurrences in the NT if you scroll to the bottom.
7. Now do the same for the numbers next to “shepherd” and “oversight.”
8. Take notes on what you learned about each word. Each tells us much about the different roles of the elders.
